- I agree for my name to be listed as donor in Wellsprings Annual Report and on the website.

Signature: -----

Date: -----

Please copy this double sided panel and send to us either by mail to 79 Langhorne Street Dandenong or scan and email to [administration@wellspringsforwomen.com](mailto:administration@wellspringsforwomen.com)

## Wellsprings Programs (continued)

### Prevention of Violence Against Women

Wellsprings runs education sessions on gender equality, respectful relationships and prevention of family violence. This program also supports women who disclose family violence through referrals and early intervention strategies.

### Choir

Getting together with other women and learning songs is an effective way for many women to build connections, engage in a joyful and uplifting experience. The women involved in the choir get to perform at Wellsprings events and occasionally attend local nursing homes to entertain residents.

### Women's Cooking Group

This program engages migrant and refugee women seeking to build their catering skills. They receive food handling training and practice cooking from various cuisines and are provided with opportunities to put their skills to the test by hosting dinners open to the public.

**“ Every sunrise is an invitation for us to arise and brighten someone's day.”**

## Donor Program

Wellsprings relies on grants, donations and bequests to continue delivering responsive, effective, culturally appropriate programs and services that meet the needs of women who face social, cultural, economic and financial barriers to living a healthy and fulfilling life.

We provide education, social and emotional support to over 2000 women and children every year. Through education, support and upskilling, women develop self-confidence and motivation and discover new pathways to employment and further learning.

You can be part of the story by joining our Donor Program.

Wellsprings for Women is a registered Public Benevolent Institution and all donations are tax deductible.

## How will your donation be used?

You can choose to adopt a program, or support a learner's education fees, or make a general donation to be allocated by Wellsprings to a program of our choice.

## Benefits for Donors

Your donation and support make a significant difference to making our society a better and kinder place to be in. We will with your permission acknowledge your generosity as a donor in our Annual Report and on our website and keep you informed of our work through our newsletters.

## Wellsprings Programs

### Creative Enterprising Women

A program designed for migrant and refugee women to build their enterprising skills and develop a small business idea and be supported by skilled mentors. CEW helps the women to reach financial security and stability and build their self-confidence, health and wellbeing.

### Mentor Program

The Program aims to connect isolated women in the City of Casey, Greater Dandenong and Cardinia Shire into the wider community. The program provides access to information, creates pathways to further education and breaks social isolation.

### Home Visitation

Provides women who are isolated at home with support and companionship. In consultation with the women we develop a goal plan that ultimately aims to reconnect them with the community to participate in available programs that interest them.

### Playgroups

We run a number of playgroups which involve migrant and refugee women who attend with their children. The mothers learn songs and read books to their children and learn parenting strategies for raising their children in a multicultural society where they may face some challenges.

## How to become a donor

### 1. Adopt a Program

I would like to adopt the following program/s (please tick the program/s of your choice)

- Women's Cooking program
- Home Visitation
- Mentoring
- Choir
- Creative Enterprising Women
